EDUCATION

G M Institute of Technology

B E in Information Science and Engineering , CGPA-8.96

Sri Basaveshwara Science & Commerce P.U. College

PUC -12th , Percentage- 90.1%

The Aditya Birla Public School

CBSE-10th, Percentage – 84.6%

Dec 2021 – June 2025

Davangere, Karnataka

Jun 2020 – July 2021

Davangere, Karnataka

May 2018 – April 2019

Kumarapatnam, Karnataka

Internships

Cybersecurity Intern – Hashed Password Cracker

Project Based

May 2024 – Jun 2024

Davangere, Karnataka

- Gained hands-on experience in cybersecurity, focusing on password encryption, hashing, and ethical hacking methodologies.
- Developed a custom password cracking tool in Python, supporting MD5, SHA-1, and SHA-256 algorithms.
- Focused on educational and ethical hacking scenarios to raise awareness about secure password practices.

Java Full Stack Web Development – Job Portal Web Application

Full Stack intern

Feb 2025 – July 2025

Bangalore, Karnataka

- Built a Spring Boot-based web application connecting job seekers with recruiters via a streamlined job portal.
- Integrated user registration, authentication, job listings, and role-based dashboards for employers and applicants.
- Deployed and tested the application in a real-world simulation to validate usability and scalability.

PROJECTS

Job Portal Web Application | Spring Boot, Java, MySQL

May 2025

- Developed a Job Portal that connects job seekers with employers through job listings, user authentication, and dashboards.
- Integrated role-based access for employers and applicants.
- Enabled dynamic job posting, filtering, and user profile management.

Portfolio Website | HTML, CSS, JavaScript

May 2025

- Built a personal portfolio website to showcase academic background, skills, projects, and internships.
- Implemented responsive design and interactive UI for better user experience.
- Hosted the website on GitHub Pages with custom favicon and navigation.

Smart Assistive Stick | IoT, Arduino Uno, Ultrasonic Sensors, GPS, GSM, Buzzer

Dec 2024

- Designed an IoT-based assistive stick for visually impaired users, offering real-time obstacle detection and voice navigation.
- Used GPS for location tracking and GSM for emergency messaging.
- Spearheaded the design and development of the Smart Assistive Stick, overseeing the entire project lifecycle from planning to testing.

TECHNICAL SKILLS

🔗 **Languages:** Java, JavaScript (ES6+), HTML5, CSS3, SQL

📦 **Frameworks:** Spring Boot

🗄 **Databases:** MySQL, JDBC, Hibernate

👥 **Others:** Communication , Team Leadership

CERTIFICATIONS

Certified in Programming in Java

NPTEL

Certified in Java Full Stack Development

Jspiders, Bangalore

ACHIEVEMENTS

Google GenAI Study Jam Certification | GDSC

Nov 2024

- Earned hands-on experience with Generative AI, Vertex AI, and Google Cloud tools
- Gained practical experience with Generative AI tools and Google Cloud Platform.

Hackathon Organizer | G M Institute of Technology

May 2024

- Successfully organized and managed Sukalpa, a tech hackathon aimed at fostering innovation and collaboration.
- Handled logistics, registration, team support, and event coordination, impacting 100+ student participants.
